

Women Leading in Education Y & H Conference

Unlocking Potential - The Power of Coaching
17 March 2018 | Hilton Leeds City, Leeds, LS1 4BX

Our vision is to empower, develop and connect current and future leaders to redress the gender inequalities in leadership across all sectors of education. We will promote potential, build authentic leadership and celebrate achievements of women leaders to inspire future generations. We believe that positive challenges come from being in a like-minded regional network.

The aim of the network is to develop a visible network to provide support, professional development and opportunities to connect with like-minded women leaders. For further information about the network and how you can get involved visit our website:
