

East Midlands

Primary Mathematics (Online) Conference

2nd February 2021 – 9:30am – 4:00pm

‘Thinking Mathematically and developing Mathematical behaviours’

“This conference is a key fixture for me each year, it forms a key part of my professional development.”

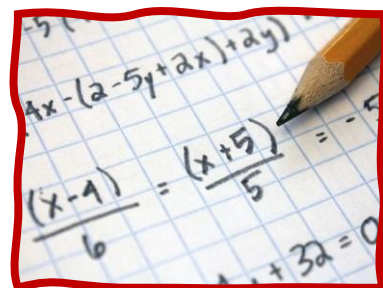

Conference Summary

Since 2012 Affinity TSA and partners have offered Primary Colleagues in the East Midlands high quality training and support for teaching and leading Mathematics. We have engaged over 1000 delegates in our Maths Conference and this year we will be bringing you the event online, which means for the first time it is open to delegates from across Country.

Following feedback from last year and in response to current research and challenges facing maths leaders this year’s conference will focus on Thinking Mathematically and developing Mathematical behaviours supporting Teachers and Leaders to develop their approaches in school. We are fortunate to be joined by our local partners to ensure the event offers outstanding school-led thinking and research.

Event Keynote Speakers 2021:

- Craig Barton - @MrBartonMaths
- Dan Percy - @DanielPercy
- Sonia Thompson- Headteacher, St Matthew's C of E Teaching and Research school

Workshops include:

- Early Mathematical Habits
- Resilience and Growth Mindset in Maths
- Getting ‘Ready to progress’
- Edtech in Maths
- PLUS MORE
