Feedback from Breakout Room Discussions

Lessons learnt

How we can continue to work together to support learners whether in the classroom or online

Colleagues fed back to the group the key themes that came out of the break out room discussions. The group agreed that it is reassuring to know that others are having similar experiences regardless of geography.

National and Regional TSC update

CW and CA provided an update on National and Regional TSC.

- TSH are still the direction of travel.
- System leader reform is still planned but timescale may change.
- Recovery offer continues this term and perhaps into summer term.
- MAT CEOs that wish to get involved with school improvement/NLE work should contact RSC.
- Regional and national infrastructure will change as TSC evolves.

EMSYH TSC team will continue to share information and support the system. Contact details can be found [here](#).
